5 Sessions**

Love and Logic Early Childhood Parenting Made Fun!®: This parent training curriculum is specially geared toward families with children ages birth through age six. The unique challenges that come with raising babies, toddlers, and young children are tough but able to be overcome! This course will give you valuable skill sets to accomplish the following:

- Happy, fun-loving families
- Meals without battles
- Discipline without losing love
- Healthy growth and development
- Toddlers who go to bed the first time
- Tots who learn that whining/arguing do not work
- Great comebacks for parents
