FARM PULSE

FARM PULSE CONTINUUM

FARM PULSE CONTINUUM WORKSHOPS »

Farm Pulse Continuum is a new program for farmers interested in learning how to use farm financials to explore business decisions. The introductory workshop demonstrates the value of using farm financial analysis to make informed management decisions.

OVERVIEW »

Farm Pulse builds awareness of 'Why Financial Management' and helps Wisconsin farmers evaluate their finances and take the pulse of their business and goals for the future.

Other topics in the introductory workshop include an overview of the financial model and understanding the purpose and value of the basic financial statements — Balance Sheet, Income Statement and Statement of Cash Flow.

Educators will provide an overview of the Farm Bill ARC/PLC election decision. Dr. Brenda Boetel will also provide a 2020 crop and livestock market outlook.

For additional information or to register, please contact: Ryan Sterry, Extension St. Croix Agriculture Educator at 715-531-1950 or ryan.sterry@wisc.edu or Katie Wantoch, Dunn County Agriculture Educator at katie.wantoch@wisc.edu.
