Registration Deadline: October 23 Register online @ <https://go.wisc.edu/6fpx8a>

This evidence-based workshop series will help you guide children to solve common, everyday problems with decision making and communication skills using their thinking brain. It is a refreshingly practical curriculum that helps you help your child learn HOW to think, not what to think, as they learn to resolve their own problems.

Participants will learn:

- To give children skills to effectively solve their own problems
- Fun games to help children learn these problem solving skills and consider consequences
- How to help kids care about and understand their feelings and those of others

This program is Facilitated Missy Bablick Human Development & Relationship Educators with UW Madison Division of Extension, Barron County. For questions or to register via phone call Missy at 715-537-6254
